Bio

Nationwide Film Crew, (“NWFC”) was established by founder, Frank Boglev. Frank started his professional career in accounting at Deloitte, and earned his CPA license during the early 2000’s. However, by late 2009, he found himself transitioning into the subcontract window film business, gaining hands on experience in the field and subsequently facilitating numerous large-scale commercial projects nationwide. It was that involvement, where Frank realized his unique talent and passion for project managing, along with his vision to focus on providing superior service and top quality film installations as efficiently as possible.
